 I, W.H. Settelmeyer, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 6th day of October, 1957; that it truly and correctly represents the location and extent of the works used to divert water from an underground source, in Elko County, by Fay Dohrmann, for domestic purposes. That the point of diversion, the approximate location and size of the diverting conduit, the place and manner of use, and the location and names of all other works which are crossed by, or connected the said works, are fully and correctly designated thereon.
