

State of Nevada  
County of Ormsby ss.

I, Robert F. Guinn, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me between the 9th day of November and the 10th day of November, 1957, that it truly and correctly represents the location and extent of the works to be used to divert water from Unnamed Springs 1 & 2 in Washoe Co. by Landa Bros. for stockwatering, irrigation and domestic purposes under applications 17360 & 17442. That the points of diversion, the location of the diverting device, the location and extent of lands owned or controlled by the applicant upon which water applied for under applications 17360 & 17442 is to be used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.
