I, Robert F. Guinn, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made by me between the 23rd day of November and the 8th day of December, 1957, that it truly and correctly represents the location and extent of the works to be used to divert water from Unnamed Spring in Washoe Co. by Landa Bros. for stockwatering, irrigation and domestic purposes under applications 17536 & 17537. That the points of diversion, the location of the diverting device, the location and extent of lands owned or controlled by the applicant upon which water applied for under applications 17536 & 17537 is to be used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.
