

STATE OF NEVADA } ss
 County of Lyon

I, JAMES D. WALLACE being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision on the 26th day of December, 1958; that it truly represents the proposed location and extent of the works used to divert water from underground sources in Lyon County, by CARROL R. HASKINS for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40 acre subdivisions the areas to be irrigated, are fully and correctly designated thereon.

James D. Wallace for
 State Water Right Surveyor

Subscribed and sworn to before me this 21 day of December, 1958

Donald H. Allen
