I, J.A. Millar, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on November 24, 1958; that it truly and correctly represents the proposed location and extent of the works used to divert water from Underground Sources, in Lyon County, Nevada, by Alexander Miller and Laura Miller, for irrigation and domestic purposes. That the proposed points of diversion, the size and depth of the wells, and the boundary of all lands, showing by forty acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

J. A. Millar  
 State Water Right Surveyor.

Subscribed and sworn to before me this 19th day of December, 1958.
