 I, W.H. Seffelmeyer, being first duly sworn, depose and say, that this map consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me on the 17th day of November 1959, that it truly and correctly represents the location and extent of the proposed works used to divert water from Clipper Gulch, in Elko County, by Earl N. Phillips, Della W. Phillips and Joanne Fitzpatrick, for Mining, Milling and domestic purposes. That the proposed point of diversion, the location and approximate size and capacity of the diverting conduit, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.
