 I, Paul Gemmill, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 18th and 24th days of February, 1960; that it truly and correctly represents the location and extent of works used to divert water from an underground source in Lincoln County by Paul Gemmill and Fern Gemmill, for irrigation purposes. That the proposed point of diversion, the approximate location and size of diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
