I, W.H. Settelmeier, being first duly sworn, depose and say, that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me on the 8th day of April 1960, that it truly and correctly represents the location and extent of the works used to divert water from an underground source in Lander County by Henry Filippini for stock watering purposes. That the point of diversion, the approximate location and size of diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with the said works, are fully and correctly designated thereon.

W.H. Settelmeier
 STATE WATER RIGHT SURVEYOR

Subscribed and sworn to before me this 9th day of April 1960
