I, JACK ASHER, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me and completed on the 3rd day of December, 1959, that it truly and correctly represents the existing location and extent of the works used to divert water from Las Vegas Artesian Basin, County of Clark, State of Nevada, by: JAMES W. FARRIS, for QUASI-MUNICIPAL and DOMESTIC purposes. That the point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and name of all other works which will cross or connect with the existing works are fully and correctly represented thereon.
