I, J.V. Caselli, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 5th day of December and the 6th day of December 1959; that it truly and correctly represents the location and extent of the proposed works used to divert water from an Underground Source, Lander County, by Mrs. M. Streshley et al. for stockwatering purpose. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with said works, are fully and correctly designated thereon.
