 I, W.H. Settelmeier, being first duly sworn depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 14th day of June 1960; that it truly and correctly represents the location and extent of the works used to divert water from underground sources in Elko County by Mary's River Ranch for stock watering purposes. That the points of diversion, the location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by or connected with the said works, are fully and correctly designated thereon.
