STATE OF NEVADA SS:
COUNTY OF ORMSBY

I, Ernest E. Muller, being first duly sworn, depose and say that this map consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me on the 29th. day of November, 1959; that it truly and correctly represents the location and extent of the proposed works used to divert water from Piute Creek and tributaries in Washoe County, by Forrest L. Parmenter for milling and domestic purposes. That the proposed point of diversion and return, the location of the millsite, the approximate size and capacity of the diverting channel, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.

Ernest E. Muller
State Water Right Surveyor

Subscribed and sworn to before me this 26th. day of February, 1960.
