STATE OF NEVADA }  
 COUNTY OF ORMSBY } SS.

I J. A. Millar, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on March the 6, 1961; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source, in Lyon County, Nevada, by Calmer J. Johnson for irrigation and domestic purposes. That the proposed point of diversion, the location of the existing ditch system, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
