

STATE OF NEVADA } s.s.  
 COUNTY OF ELKO }

I, Mark Chilton, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 29th day of June 1960; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Elko County by James R. Hillam for irrigation & domestic purposes. That the point of diversion, the approximate location and size of the diverting channel or other conduit, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40 acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
