 COUNTY OF ELKO }
 I, W.H. Settlemyer, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me the 27th day of February, 1961; that it correctly represents the proposed location and extent of the works used to divert water from underground sources in Lander County by Leota F. Alexander for irrigation purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs and basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, shown by 40-acre subdivisions, the areas proposed to be irrigated, are fully and correctly designated thereon.
