I, J.V. Caselli, being first duly sworn, depose and say that this map consisting of 1 sheet, numbered from 1 to 1, inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me between the 23 day of Sept., and the 24 day of Sept., 1961, that it truly and correctly represents the proposed location and extent of the works used to divert water from Blackbird Creek, in Lander County, by Leroy Streshley, for irrigation purposes. That all other works crossed or connected with said works, and the boundary, area, and kind of culture of land irrigated, are correctly shown and designated thereon.
