I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me, on the 14th day of November, 1962; that it truly and correctly represents the proposed location and extent of the works used to divert water from Veta Grande, Upper & Dabute Tunnel Springs and Carter Station Spring, in Douglas County, by Kenneth F. Johnson, for mining, milling, and domestic purposes. That the proposed points of diversion, the approximate location of the diverting channel, the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated thereon.

Walter G. Reid
State Water Right Surveyor
