I E.P. Osgood being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 6 day of May, 1963. That it truly and correctly represents the location and extent of the works used to divert water, from underground sources by well in Churchill County, Nevada, by KATHERINE W. TAYLOR for irrigation and domestic use.

That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of other works, or streams which are crossed by or connected with the said works are fully and correctly designated thereon.
