STATE OF NEVADA
 COUNTY OF ELKO

I, Mark Chilton, being first duly sworn, depose and say that this map consisting of one sheet, has been drawn to the designated scale from field notes of a survey made by me on the 23rd day of November, 1963; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground in ELKO COUNTY, by FRANK HOOPER for IRRIGATION purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and that the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are correctly and fully designated thereon.

Mark Chilton

Subscribed and sworn to before me this 18th day of DEC. 1963.
