I, Robert W. Millard, being first duty sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 28th of May, 1962 and the 19th of March, 1963, that it truly and correctly represents the proposed location and extent of the works used to divert water from Underground Sources in White Pine County, by Steptoe Ranch Company for irrigation purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

Subscribed and sworn to before me this 18 day of November 1963
State Water Right Surveyor
Notary Public in and for White Pine County, Nevada
