

True North

Bearings are based on the Union Pacific Railway survey and original right-of-way map.

State of Nevada, }  
 County of Lincoln } ss.  
 I, Paul Gammell, being first duly sworn, depose and say that this map, consisting of 1 sheet, numbered from 1 to 1, inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me, (or under my supervision and direction) between the 13 day of July, 1963, and the 16 day of July, 1963, that it truly and correctly represents the proposed location and extent of the works used to divert water from Underground (Source) in Lincoln County by Thomas L. Clay (Applicant) for domestic use and for irrigation purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 10-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

Paul Gammell  
 (State Water Right Surveyor)

Subscribed and sworn to before me this 7 day of August, 1963.  
 Notary Public in and for Lincoln County Nevada.  
 A. J. Bell  
 My Commission Expires on the 2 day of July, 1966.
