 I, Robert W. Millard, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 24th and 27th days of May, 1964, that it truly and correctly represents the proposed location and extent of the works used to divert water from underground sources in Pershing County, by Silver State Consolidated Mines Co. for mining and milling purposes. That the proposed point of diversion and return, the location of the mill, the approximate size and capacity of the diverting channel, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.

Robert W. Millard
 State Water Right Surveyor
