I, Donald C Osborne, being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me, between the first day of March 1964 and the 30th day of April 1964 that it truly and correctly represents the proposed location and extent of works used to divert water from an unnamed stream, in Esmeralda County, by the Nevada Fish and Game Commission for Wildlife Propagation and Recreation Purposes. That the proposed point of diversion, the approximate location of structures and reservoir, the place of use, and the location and names of all other works or streams which cross or are connected with said works are fully and correctly designated thereon.
