I R.C. Downer, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 6th day of July, 1964; that it truly and correctly represents the location and extent of the proposed works used to divert water from a well in Douglas County, by Charles D. and Anita C. Jones for domestic and irrigation purposes, that the point of diversion, the approximate location of the diverting pipeline and the boundary of all land contained in the area where the domestic & irrigation use of this well water is proposed are fully and correctly designated thereon.
