

STATE OF NEVADA SS  
 COUNTY OF HUMBOLDT

I, William J. Newman, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 3rd day of December, 1964; that it truly and correctly represents the location and extent of the proposed works used to divert water from underground, in Humboldt County, by O. A. HOYT for mining, milling and domestic purposes. That the proposed point of diversion, the location of the mill site, the approximate size and capacity of the diverting conduit, and the location and names of all other works or streams which are connect with or crossed by said works, are fully and correctly designated hereon.
