I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on August 10, 1965; that it truly and correctly represents the location to change the manner of use of water from the Truckee River under Claim No. 407, Truckee River Decree No A-3, from irrigation to fish propagation. That the location of all other works which cross or connect with the said works and the boundary of all lands, showing by 40-acre subdivisions the area where the water is proposed to be used, are fully and correctly designated thereon.
