STATE OF NEVADA SS
 COUNTY OF WASHOE

I, William J. Newman, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 11th day of November, 1965 that it truly and correctly represents the location and extent of the proposed works used to divert water from underground, in Humboldt County, by NEVADA GARVEY RANCHES, INC. for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting well, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
