

STATE OF NEVADA  
 COUNTY OF ORMSBY SS:

I, Ernest E. Muller, being first duly sworn, depose and say that this map consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me on January 8, 1966; that it truly and correctly represents the location and extent of the works used to divert water from Sierra Canyon Creek and an unnamed spring in Douglas County by Jack W. Bay for Quasi-Municipal and Domestic purposes. That the proposed point of diversion, the approximate size and location of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing subdivision lots the areas proposed for use are fully and correctly designated thereon.
