STATE OF NEVADA
COUNTY OF WASHOE ss

I, Eugene C. Sprout, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me (or under my supervision and direction) on the 1st day of February, 1966; that it truly and correctly represents the proposed location and the extent of the works used to divert water from an underground source in Storey County, by Reno Rendering Works, for industrial and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works crossed by or connected with the proposed works, and the boundary of all lands, showing by 40 acre subdivisions the areas proposed to be served, are fully and correctly designated hereon.

Eugene C. Sprout
STATE WATER RIGHT SURVEYOR No. 987

Subscribed and sworn to before me this 10th day of February, 1966.
