STATE OF NEVADA
COUNTY OF ORMSBY SS

I, Ernest E. Muller, being first duly sworn, depose and say that this map consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made under my supervision on the 31st day of October 1965, that it truly and correctly represents the location and extent of the proposed works used to divert water from Underground (Mine Shaft), in Lander County, by the Goldfield Concentrate Corp. for milling purposes. That the proposed point of diversion and return, the location of the Millsite, the approximate size and capacity of the diverting pipe line and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.

Ernest E. Muller
State Water Right Surveyor
