

STATE OF NEVADA ss
 County of White Pine

I, Nelson E. Myer, being first duly sworn, depose and say that this map consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 1st and 30th days of August, 1967, that it truly and correctly represents the proposed location and extent of the works used to divert water from Ruth and Millsite Springs in White Pine County, by Silver King Mines Inc. for mining and milling purposes. That the proposed point of diversion and return, the location of the mine and mill, the approximate size and capacity of the diverting conduit and the location and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.
