

STATE OF NEVADA }
 County of White Pine }

I, Robert W. Millard, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 15th day of November and the 17th day of November, 1967, that it truly and correctly represents the proposed location and extent of the works used to divert water from Hub Spring in White Pine County by Glen Crawford for mining, milling and domestic purposes. That the proposed point of diversion and return, the location of the place of use, the approximate size and capacity of the diverting channel, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.

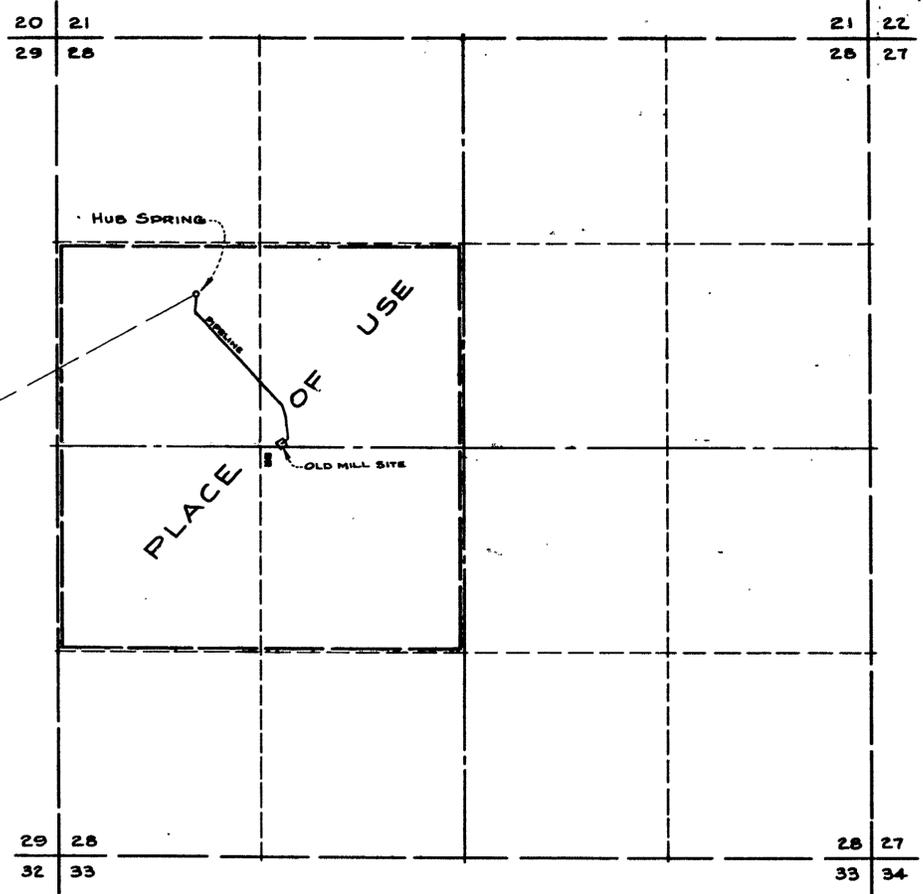

Robert W. Millard
 State Water Right Surveyor

Subscribed and sworn to before me this 27th day of November 1967

Francis D. Jacobson
 Notary Public in and for Washoe County, Nevada
 My Commission Expires May 1, 1969
