I, J.R. Caldwell being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction on the 29th day of July, 1967 that it truly and correctly represents the proposed location and extent of the works used to divert water from Underground in Churchill County, by Ivan Brinkerhoff for Irrigation & Domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location names of all other works which will cross or connect with the proposed works and the boundary of lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
