 COUNTY OF CLARK)
 I, Phillip B. McVey, being first duly sworn, depose and say that this map consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made by me between April 11 and April 13, 1969; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Clark County by Victor D. Hoffman for domestic purposes. That the proposed point of diversion, the approximate location and size of the diversion channel, all reservoirs or basins, the locations and names of all other works, which cross or connect with the proposed works, and the boundary of all lands showing by 40-acre (or less) subdivisions the areas proposed to be used or benefited are fully and correctly designated.
