COUNTY OF DOUGLAS

I, Robert C. Downer, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn from field notes of a survey made by me on May 5, 1969, that it truly and correctly represents the location and extent of the existing works used to divert water from a well No. \_\_\_\_\_ in Douglas County, by Knox Johnson, for irrigation purposes. That the proposed point of diversion, the approximate location and size of diverting channel all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, shown by 40 acre subdivisions, the areas proposed to be irrigated, are fully and correctly designated hereon.
