

State of Nevada

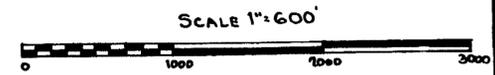

I, John E. Curran, being first duly sworn, say that this map, consisting of 1 sheet has been drawn to the designated scale from field notes of surveys made by me between June 1950 and October 17, 1969. That it truly and correctly represents the location and extent of the works used to divert water from an underground source in Washoe County by TRANS-SIERRA CORPORATION for Quasi-Municipal and Domestic Uses. That the Point of Diversion and the location and names of all other works which cross or connect with said works and the boundaries of all lands by 40 Acre subdivisions, showing area of use, are fully and correctly designated hereon.
