

STATE OF NEVADA } SS.  
 COUNTY OF WASHOE }

I, Millard G. Reed, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the eleventh day of April, 1970; that it truly and correctly represents the proposed location and extent of the works to divert water from an underground source, in Iye County, by George W. Fisher for irrigation purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

*Millard G. Reed*  
 State Water Right Surveyor No. 368

*James P. Anderson*  
 Subscribed and sworn to before me  
 this sixth day of July, 1970  
 Notary Public in and for Washoe County, Nevada.

Basis of Bearing ~ Magnetic ~ 17°30' E. Declination  
 Scale ~ 1" = 400 ft.
