

I, Robert Downer, being first duly sworn, depose and say that this map, consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me, between Jan. & March 1971, that it truly and correctly represents the proposed location and extent of the works used to divert water from Brockliss Slough (W) and Brockliss Slough (E) in Douglas County, by Carl W. Kidman for irrigation purposes. That the proposed points of diversion, the approximate location and size of the diverting channels, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

Robert Downer
State Water Right Surveyor #314

Subscribed and sworn to before me this 13th day of May 1971.
Notary Public in and for

Joyce Maddaford

County, Nevada.
