I, J.V. Caselli, being first duly sworn depose and say that this map consisting of 1 sheet, numbered from 1 to 0 inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me between the 15 day of May and the 16 day of May, 1971, that it, truly and correctly represents the proposed location and extent of the works to divert water from Underground Source in NYE COUNTY by E.A. SHULTZ, for irrigation purposes. That the point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with proposed works, and the boundary of all lands showing by 40 acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
