

STATE OF NEVADA, }
 COUNTY OF WASHOE } SS

I, Donald C. Osborne, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me or under my supervision and direction between the first day of September, and the nineteenth day of September, 1971; that it truly and correctly represents the proposed location and extent of the works used to divert water from the Sunnyside Creek and White River Channel, in Nye County, by the Nevada Department of Fish and Game for fish, wildlife and recreation purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the locations and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
