I, Walter G. Reid, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on August 4th, 1974, that it truly and correctly represents the location and extent of the works used to divert water from an underground source in Lyon County by Maurice A. & Agnes C. Bliss for irrigation and domestic use under Application No. 26838. That the point of diversion, the location, size of the diverting channel, location and description of all measuring devices, the location and extent of the lands owned or controlled by the applicant upon which water applied for under Application No. 26838 is used, together with the area and kind of culture in each 40-acre subdivision, and the location and names of all other works which are crossed by or connected with said works are fully and correctly designated thereon.

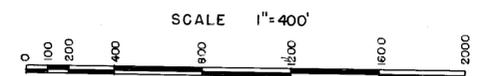

Walter G. Reid
 State Water Right Surveyor
