I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me, on the 17th day of October, 1979; that it truly and correctly represents the location and extent of the works used to divert water from an underground source in Lyon County, by Bert and A. Jean Meyers for irrigation and domestic purposes under Application No. 26909. That the point of diversion, the location, size of the diverting conduit, location and description of all measuring devices, the location and extent of lands owned or controlled by the applicant upon which water applied for under Application No. 26909 is used, together with the area and kind of culture in each 40-acre subdivision, and the locations and names of all other works or streams which are crossed by or connected with said works are fully and correctly designated thereon.

Walter G. Reid
State Water Right Surveyor

Subscribed and sworn to before me this 17th day of October, 1979.

Mary Beth Callahan

I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 30th day of August 1972; that it truly and correctly represents the proposed location and extent of the works used to divert water from underground source in Lyon County, by Bert Meyers and George Blair for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas to be irrigated, are fully and correctly designated thereon.

Walter G. Reid
State Water Right Surveyor

Subscribed and sworn to before me this 12th day of Sept. 1972.
