I, Walter G. Reid, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 1st day of November, 1972, that it truly and correctly represents the original point of diversion and place and manner of use under permit no. 18444 and the new point of diversion and proposed place and manner of use and extent of the works used to divert water from underground source in Lyon County by Nancy Conlin for quasi-municipal and domestic purposes. That the proposed point of diversion, the approximate size and location of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the area and place of use, are fully and correctly designated thereon.
