STATE of NEVADA } ss.
CARSON CITY

I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 10th day of April, 1973; that it truly and correctly represents the original point of diversion and place of use under permit No. 25494 and the proposed point of diversion and place of use in part, and extent of the works used to divert water from an underground source in Lyon County, by Jack Plumbridge and Ruth Eleanor Plumbridge for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the locations and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas to be irrigated, are fully and correctly designated thereon.

Walter G. Reid
State Water Right Surveyor

Subscribed and sworn to before me this 18th day of April, 1973.

Jean Williams
