I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 4th day of May, 1973, that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Lyon County, by Nick and Shirley Nadel for quasi municipal & domestic purposes. That the point of diversion, the approximate location and size of the diverting channel, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.
