I, Norman M. Rockwell, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction, on the 3rd day of July, 1973; that it truly and correctly represents the proposed location and extent of the works used to divert water from an UNDERGROUND SOURCE, in ELKO COUNTY, by DAVE & SHIRLEY CORBETT for irrigation and stockwatering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, all reservoirs or basins, the place and manner of use, the location and names of all other works or streams which are crossed by, or connected with the said works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.
