

State of Nevada }
 County of Washoe } ss.

I, J.V. CASELLI, being first duly sworn, depose and say that this map consisting of 1 sheet, numbered from 0 to 1 inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me between the 5th day of December and the 6th day of December, 1974, that it truly and correctly represents the proposed location and extent of the works to divert water from MUD SPRINGS in NYE COUNTY by DAVID L. GHENT, for MILLING purposes. That the point of diversion and return, the location of the washing plant (proposed), the approximate size of the pipe line and capacity of the pipeline, and location and names of all other works or streams which are crossed or connected with solid works, are fully and correctly designated hereon.
