I, Richard J. Baughman, being first duly sworn, depose and say that this map consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction on the 22nd day of August, 1974. That it truly and correctly represents the location and extent of works used to divert water from an underground source in the Muddy River Basin in Clark County, Nevada by J.D. Leavitt for irrigation and domestic purposes under application number 27662, that the existing point of diversion under application number 27662 is correctly shown hereon. That the existing place of use under application number 27662 and the place of use applied for under this application to change the point of diversion and the place of use of the water are correctly designated hereon; and that the lands upon which water appropriated under application number 27662 are to be used is accurately outlined hereon and said lands are owned or controlled by the applicant.
