

STATE of NEVADA }  
 CARSON CITY } s.s.

I, Walter G. Reid, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on February 4, 1975, that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Lyon County, by Associated Ranch Management for irrigation and domestic purposes. That the proposed point of diversion under Application No. 29184 and the old point of diversion under Application No. 27385, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which cross or connect with the proposed works, and the boundary of all lands showing by 40 acre subdivisions the areas to be irrigated, are fully and correctly designated thereon.
