

STATE OF NEVADA
 COUNTY OF WASHOE

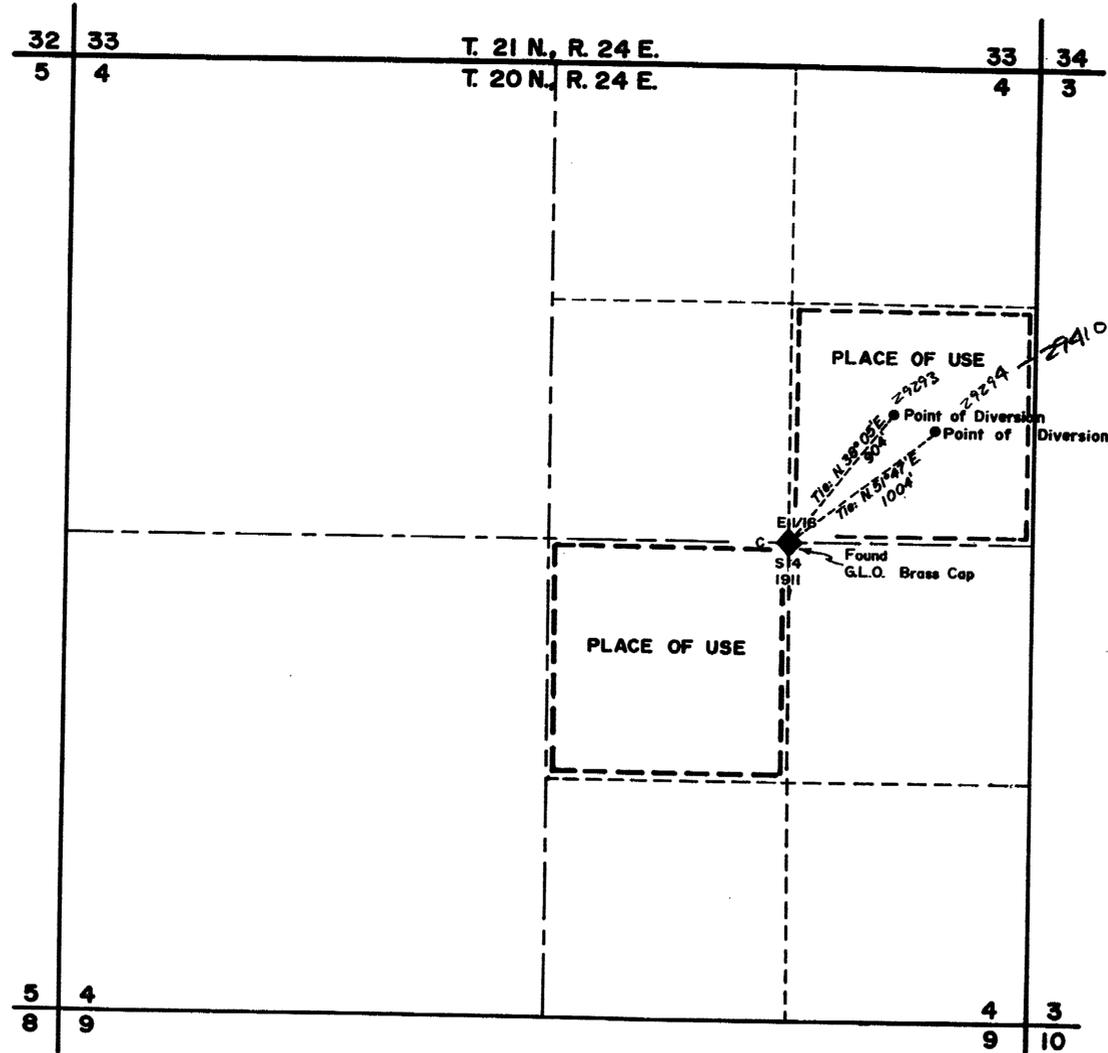

I, JOHN R. WEBER, being first duly sworn, depose and say that this map, consisting of one sheet, numbered from 1 to 1, inclusive, has been correctly drawn to the designated scale from field notes of a survey made by me, (or under my supervision and direction), between the 7th day of February, and the 8th day of February, 1975; that it truly and correctly represents the proposed location and extent of the works used to divert water from underground, in Washoe County, by Aldo Urrutia for Quasi-Municipal (Subdivision) & Domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.
